

Cascade Pacific Action Alliance

Opioids Workgroup

October 25, 2017

Welcome and Introductions

- Introduce yourself: Name, organization, and county

WELCOME

Agenda for Today

- Overall Plan
- Discuss Draft Application & Address Gaps
- Discuss Workplan & Address Gaps
- Next Steps

Section I (ACH) Project Update

- Finance Committee has been meeting and made recommendations to the Council and Board about funding allocations
- Last week Council and Board met- decided to move forward on 6 projects and approved funding flows.

Section II (Project Specific Workgroup Activities)

August/September

- Identified target populations
- Discussed engaged providers via RFQ and high-volume Medicaid providers
- Identified Domain 1 assets and challenges (for Section I)
- Developing proposals- HMA and CPAA

October:

- Reviewing Draft Applications and Addressing Gaps
- Reviewing Draft Workplans and Addressing Gaps
- Refining proposals

November: Review project proposals

Draft Project Application: Gaps

- Ensuring that we have projects in each of the four realms:
 - Prevention
 - Treatment
 - Overdose prevention
 - Recovery

What the toolkit says about prevention, treatment, recovery

Prevention: Prevent Opioid Use Misuse

- Promote use of best practices among health care providers for prescribing opioids for pain
- With Center for Opioid Safety Education and others raise awareness and knowledge re adverse effects of opioid use
- Prevent opioid initiation and misuse, particularly among youth
- Promote safe home storage and appropriate disposal of prescription pain medication

Treatment: Link Individuals with OUD with Treatment Services

- Teach health care providers to recognize signs of possible opioid misuse, identify OUD, and link patients to treatment
- Expand access to and use of evidence-based practices for OUD treatment, particularly MAT
- Expand access to, and use of, OUD medications in the criminal justice
- Increase capacity of syringe exchange programs and engage beneficiaries in support services, including housing
- Identify and treat OUD among pregnant and parenting women (PPW) and Neonatal Abstinence Syndrome (NAS) among newborns

Overdose Prevention: Intervene in Opioid Overdoses to Prevent Death

- Educate users and those who may witness an overdose on how to recognize and appropriately respond to an overdose
 - TA to first responders, chemical dependency counselors, and law enforcement on opioid overdose response training and naloxone programs.
 - Help EDs implement protocols on providing overdose education and take home naloxone to individuals seen for opioid overdose.
- Increase availability and use of naloxone
 - Standing orders in all counties and all opioid treatment programs to authorize community-based naloxone distribution and lay administration.
 - Co-prescribing of naloxone for pain patients as best practice
- With Center for Opioid Safety Education, educate law enforcement, prosecutors and the public about the Good Samaritan Response Law.

Recovery: Promote Long-Term Stabilization and Whole-Person Care

- Peer and other recovery support services to improve treatment access support long-term recovery.
- Whole person health in recovery: Connect Substance Use Disorder providers with primary care, behavioral health, social service and peer recovery support providers to address access, referral and follow up for services

Potential Projects from the RFQ

Org	Intervention	Target Pop.	Project Description	Core Component Addressed
Arcora	Integrated Care	People at high risk for oral disease, maternal/child health, chronic disease (estimated #)	Integrate aspects of oral health into most MTD projects where appropriate	Treatment
Child & Adolescent Clinic	Collaborative Care Pathways	Children birth to 20 (estimated #)	Add Behavioral Health Specialist to integrated care team and continue collaboration with other community partners	Treatment and Recovery
Cowlitz Family Health Center	Syringe Exchange Collaborative Care	Syringe exchange clients (estimated #)	Wrap-around services (define) in SEP setting	Prevention and Treatment
Crisis Clinic	Collaborative Care MAT	People seeking MAT (estimated)	Recovery Help Line - provide accurate information about available MAT services and link to care	Prevention and Treatment

Existing Projects from the RFQ

Organization	Intervention	Target Population	Project Description	Core Component Addressed
Mason General Hospital	Collaborative Care Model Bree Collaborative	Chronic pain patients	Develop a Wellness Clinic that offers whole person care to patients with SUD	Treatment and Recovery
Providence Health and Services	Medicated Assisted Therapy (Buprenorphine)	Estimated #	Establish a regular, centralized clinic to provide initial induction for MAT	Prevention and Treatment
Sea Mar Community Health Centers	Collaborative Care Model Pathways, MAT	Sea Mar patients (estimated #)	Provide integrated care and implement the Pathways care coordination model	Treatment and Recovery
Thurston County Health and Social Services	Syringe Exchange	South and NW areas of county (estimated #)	Expand geographic reach and hours of operation for SEP (need to be clear about what is happening here- expanding primary care and treating those engaged)?	Prevention and Treatment

Core Component Gap

- Overdose Prevention- discussed at last meeting working with criminal justice partners, courts
- Estimate of target populations

Assets and Challenges

- What are the assets the region brings to the project?
- What are the challenges?
- How do we address them?

Challenges & Mitigation Strategies

Challenge	Group*	Mitigation Strategy
Increase providers prescribing Suboxone	Treatment	
Training for trauma-informed care	Treatment O/D prevent	
Enhanced crisis intervention training for law enforcement and paramedics	O/D preventn	
Harm reduction training for providers	Prevention	
Training to address stigma of drug use	Treatment Recovery	
Difficulties sharing data across systems	Treatment, Recovery	

Workplan Review

HEALTH MANAGEMENT ASSOCIATES

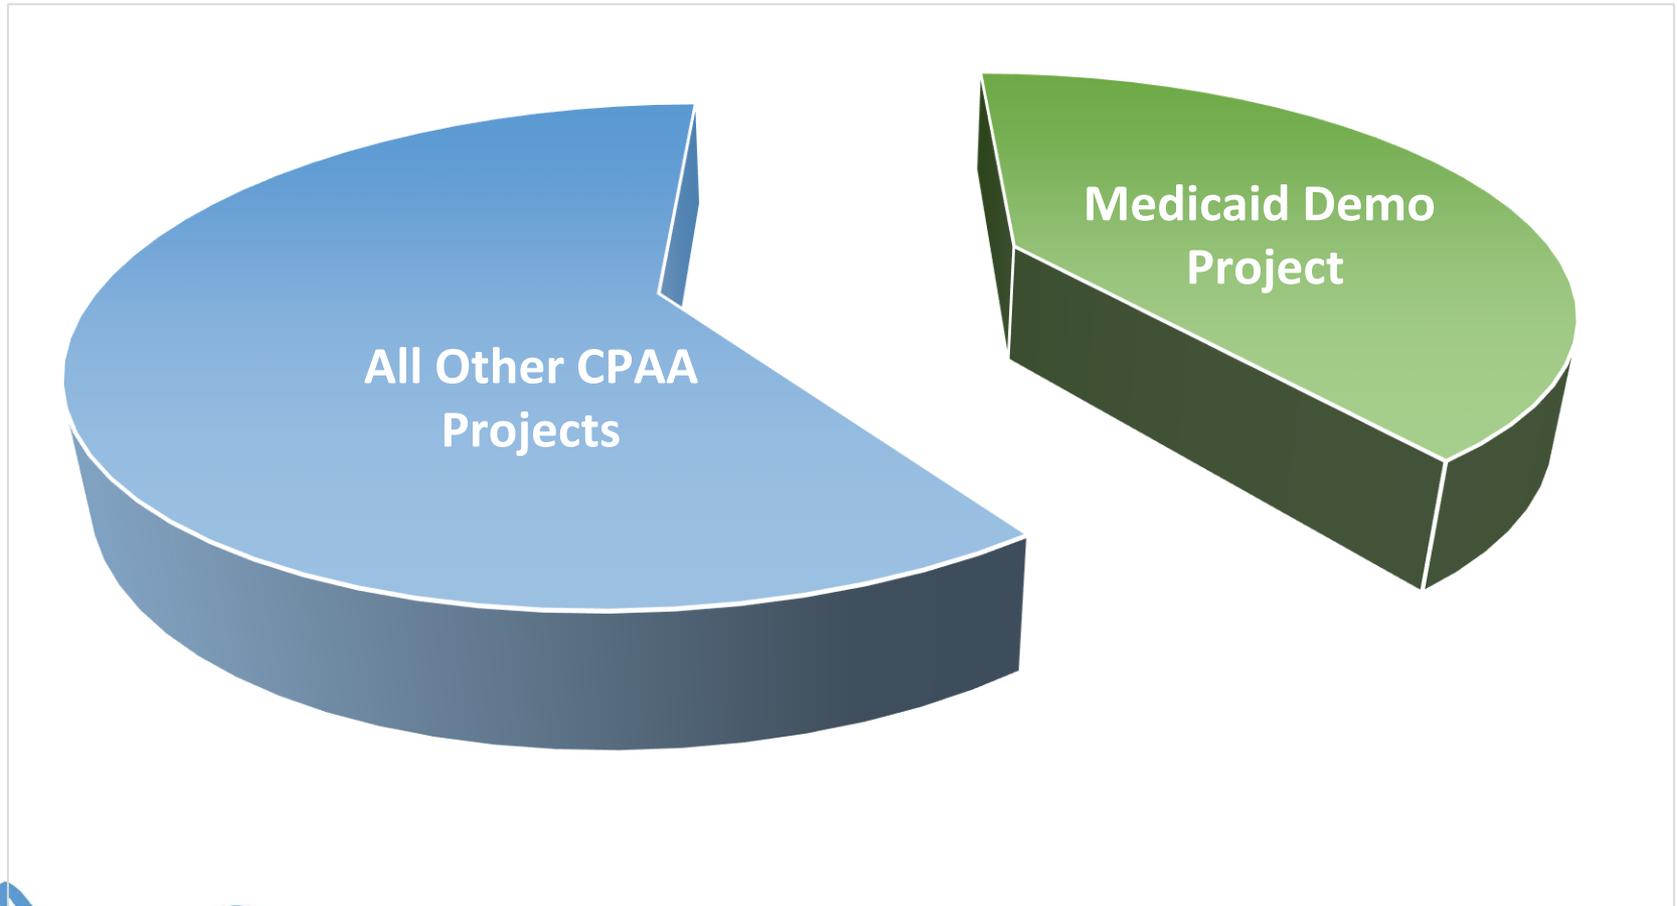

Visually Displaying the Work

Application must include logic model that depicts the work and tells our story

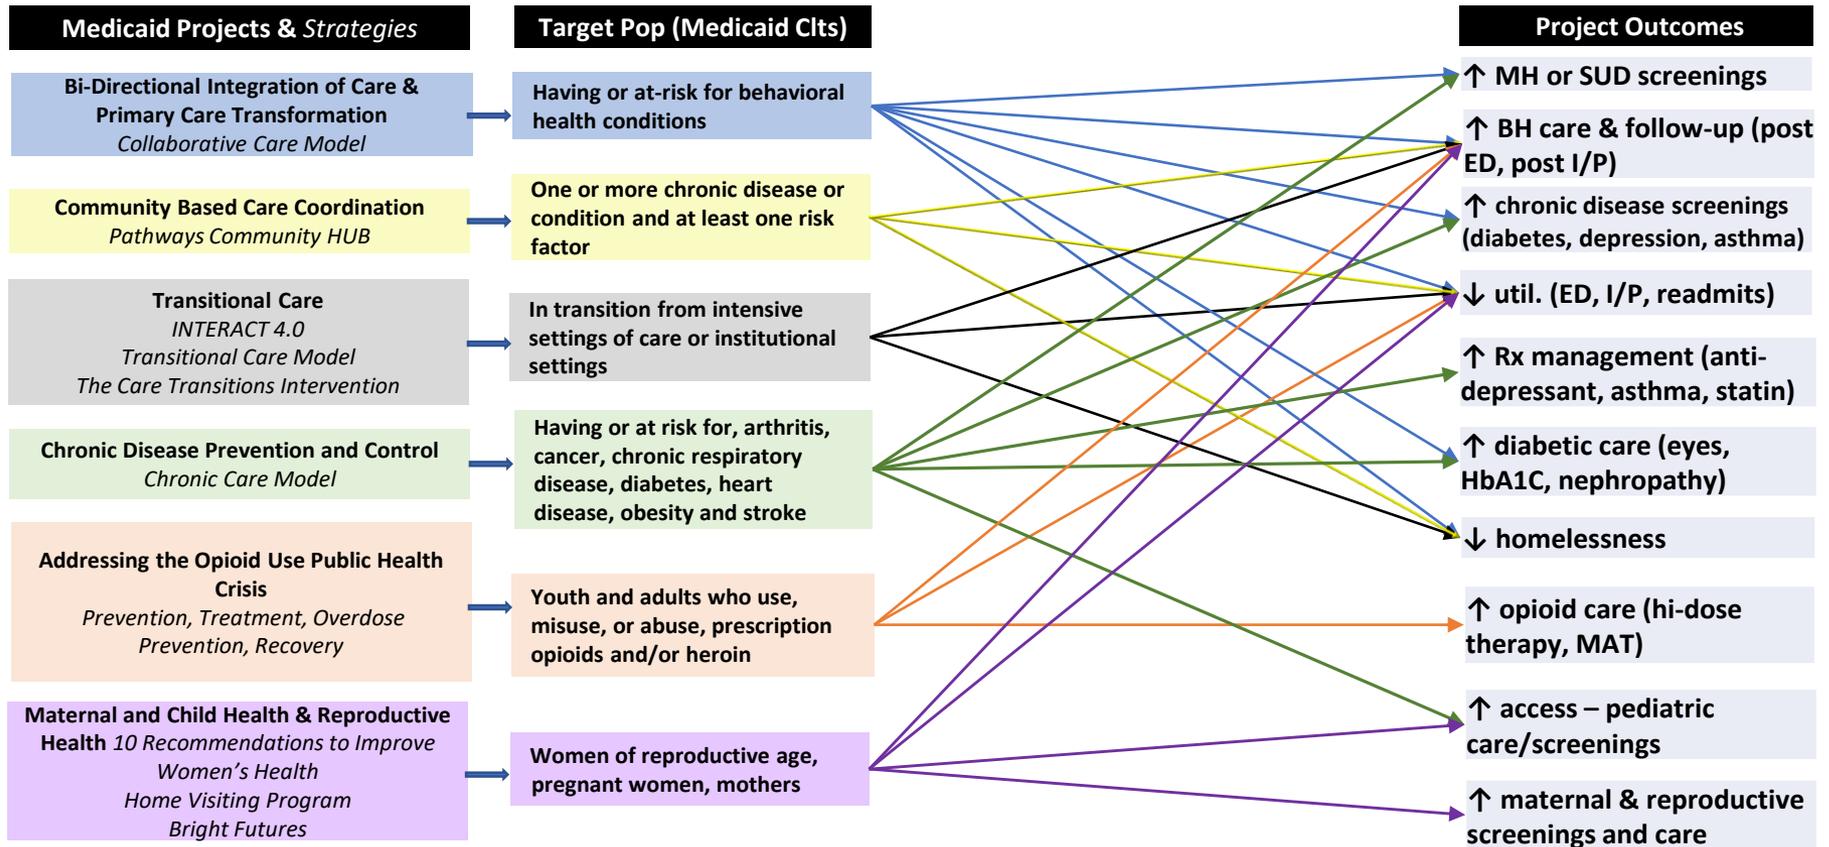

HEALTH MANAGEMENT ASSOCIATES

Medicaid Demonstration is only Part of the CPAA Work

CPAA Medicaid Demo Project Logic Model - Option 1

Next Steps

- Next meeting Wednesday, November 29th
 - Mother Joseph Conference Room – 914 S. Scheuber Rd
Centralia WA, 98531
- HMA and CPAA Staff working on Project Drafts
- Posted in November for Review/Comment
- Final Project Application to Council & Board for approval
