

Resources for ABCD Dental Offices in 2018 from Arcora Foundation

SUGARY BEVERAGE POSTER: Encourage patients to choose water for thirst! Sugary beverages add too much sugar to our diet and are a major cause of cavities and obesity.

GIVE YOUR TEETH A BREAK: A short, fun, video about the dental decay process. Share with providers, staff and patients via your website or office waiting area! Head on over to the Arcora Foundation YouTube Channel to check it out! [YouTube.com/c/ArcoraFoundation](https://www.youtube.com/c/ArcoraFoundation)

THE MIGHTY MOUTH CAMPAIGN: The campaign raises awareness about the importance of oral health through advertising and outreach. Share Mighty Mouth resources with your patients including articles, posters, infographics and social media content. Visit TheMightyMouth.org

FOR THESE AND OTHER MATERIALS: Order at ArcoraFoundation.org/en/educational-materials
