IMPROVING COMMUNITY HEALTH & SAFETY

## Change Plan Development Form

To ensure the best possible outcomes and largest impact for our region, listed below are CPAA's specific recommendations for your organization's Change Plan based on your RFP response. Each organization's Change Plan will be used to measure progress during the MTP. As a tool that will act as a foundation for MTP health care delivery systems change and be utilized by each organization to map out planning and implementation activities throughout the MTP, a strong Change Plan is critical to MTP success.

### Change Plan Recommendations

[X] **If this box is checked, partner should consult with CPAA staff regarding Change Plan recommendations.** Please schedule a call with the following CPAA Program Managers: Alexandra Toney for Transitional Care interventions

| PROJECT AREA | INTERVENTION | INTERVENTION FEEDBACK |
